

BUILDING AMERICA™

## Union Pacific is a Railroad

- Freight Railroad
- Private Sector
- For Profit
- Publicly Traded (NYSE: UNP)

- 140 Years in the Same Business Under the Same Name

BUILDING AMERICA™

## Union Pacific is a Railroad

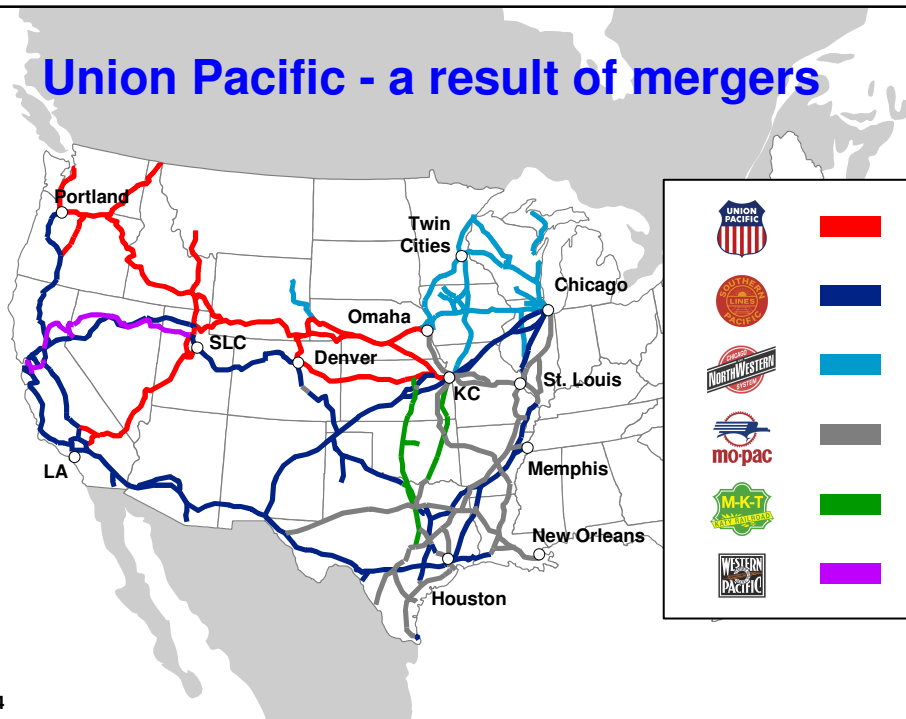

- 33,000+ Route Miles
- Western 2/3 of USA
- Links Canada, Mexico
- Diversified Traffic
- 550 Mil Tons Carried
- 1 Tril Gross Ton Miles
- Revenue = \$11.7 Bil
- Capital exp. = \$2.1 B

- Largest Railroad in North America!

5

BUILDING AMERICA™

## 5 Critical Resources

### Resources:

- Human
- Locomotives
- Freight Cars

50,000 employees  
6,700 units  
155,000 owned  
160,000 foreign/private  
33,000+ miles  
105 major yards

### Book Value

### Annual OE/Cap

\$4 bil

\$7 bil

\$1.7 bil

\$20 bil

\$1.5 bil

6

BUILDING AMERICA™

## Management Challenge

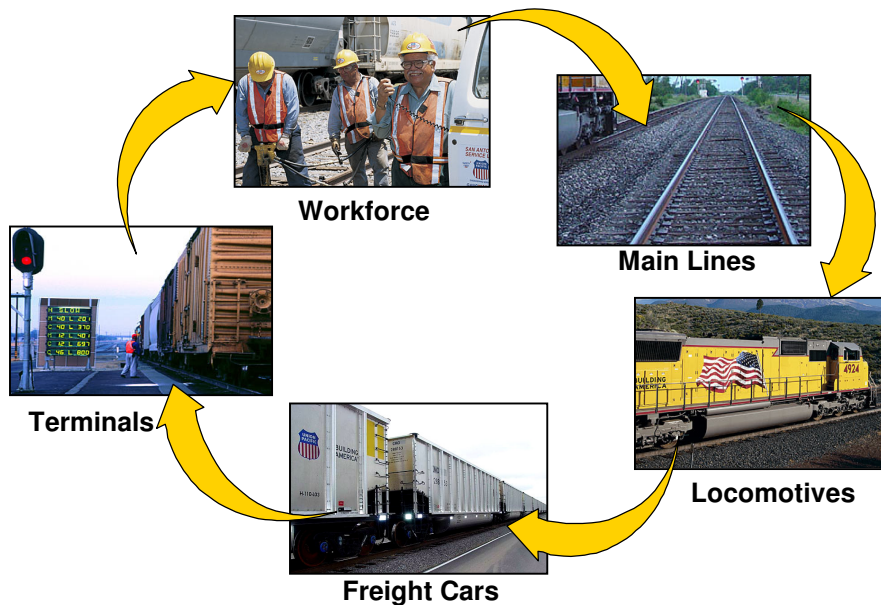

### Characteristics:

- Service Intensive
  - Freight Transportation
  - Competitive Alternatives
- People Intensive
- Geographically Dispersed
- Asset Intensive
  - Fixed Facilities
  - Mobile Assets
  - High Productivity Leverage

7

## Network Resources Impact Cycle

8

BUILDING AMERICA™

## Characteristics of a Network

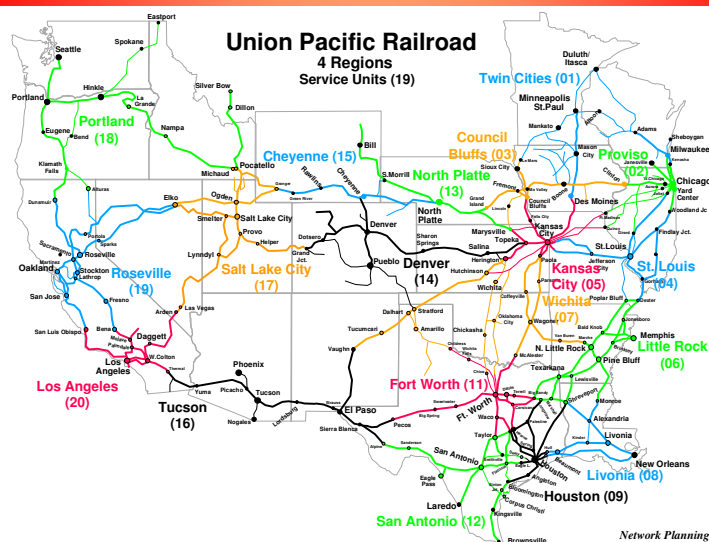

- Multiple Nodes and Links UP ++
- Alternate Paths +
- Complex Operating Options +
- Shared Resources ++
- Connectivity and Interaction ++

9

BUILDING AMERICA™

## Service Units

10

BUILDING AMERICA™

## Operating Management System

- **Objectives & Structure**
  - Safety
  - Service
  - Value
  - Leadership
- **Alignment**
  - Applied from Chief Operating Officer to 1st-Line Supervisors
  - Performance Outcome Matched with Span of Control
- **Accountability**
  - Basis for Job Agreement (bi-annual review)
  - Drives 25-75% of Compensation, plus Long-Term Employment
- **Measurement & Review**
  - Comprehensive Measurement System
  - Daily-Weekly-Monthly Review
  - Published Performance Ranking Across the Network

BUILDING AMERICA™

## Objectives & Structure

- |                     |                                              |
|---------------------|----------------------------------------------|
| • <b>Safety</b>     | <b>System-Level Outcome</b>                  |
| – Employee          | Injuries per 200,000 Man-Hours               |
| – Customer          | Crossing Incidents per Million Train-Miles   |
| – Public            | Derailment Incidents per Billion Ton-Miles   |
| • <b>Service</b>    |                                              |
| – Premium           | Intermodal Box Availability vs Commitment    |
| – Bulk              | Train Cycle Time vs Contract                 |
| – Manifest          | Individual Car Delivery vs Original Schedule |
| • <b>Value</b>      |                                              |
| – Workforce         | Budget and Re-Crew Rate                      |
| – Locomotive        | Ton-Miles per Unit and per Horsepower        |
| – Freight Car       | Cycle time and Loads per Month               |
| – Line Capacity     | Velocity and Ton-Miles per Mile of Road      |
| – Terminal Capacity | Car Dwell and Thruput                        |
| • <b>Leadership</b> |                                              |
| – Communication     | Plan Deployment and Coverage                 |
| – Training          | Testing and Deployment                       |

12

BUILDING AMERICA™

## Alignment of Measures

Velocity vs. Locomotive Productivity

Loco Dwell vs. Loco Productivity

13

BUILDING AMERICA™

## Cascade Asset Measurement

- Locomotives

**Level**

**Key Outcome Indicators**

System	Gross Ton-Miles per Horsepower		
Market/Network	Mix	Repositioning	
Mechanical	Availability		
Region	Velocity	HP per Ton	Dwell
Service Unit	Velocity	HP per Ton	Dwell
Corridor	Velocity	HP per Ton	
Terminal		HP per Ton	Dwell
Shop			Dwell

BUILDING AMERICA™

## Measurement & Review

### 6 Key Questions - SDI - Business Plan

*Linkages*

#### Customer Satisfaction

CSI (Cust Satisfaction Index)

R-Square = .83

#### Operating Service Performance

SDI (Service Delivery Index)

R-Square = 0.84-0.92

#### Six Key Questions

Key Measures Driving Service Performance  
& Resource Productivity

Region

Service Unit

Terminal

Corridor

Revenue  
Price, Growth = Yield Strategy

1. Do We Have a Safety Plan?
2. Did We Run the Train in the T-Plan?
3. Did We Run the Train On-Time?
4. Did the Train Have the Right Cars On It?
5. Did We Use the Resources Efficiently?
6. Did We Do It Safely?

15

BUILDING AMERICA™

## Management System

### Five Critical Resources

Employees
Locomotives
Freight Cars
Main Line Capacity
Terminal Capacity

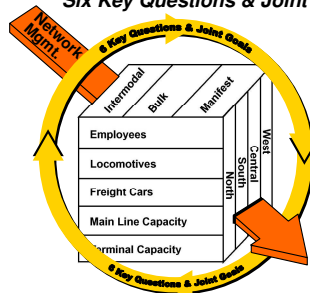

### Three Service Networks

Intermodal
Bulk
Manifest
Employees
Locomotives
Freight Cars
Main Line Capacity
Terminal Capacity

### Four Operating Regions

Intermodal	Bulk	Manifest
Employees	West	Central
Locomotives	South	North
Freight Cars		
Main Line Capacity		
Terminal Capacity		

### Six Key Questions & Joint Goals

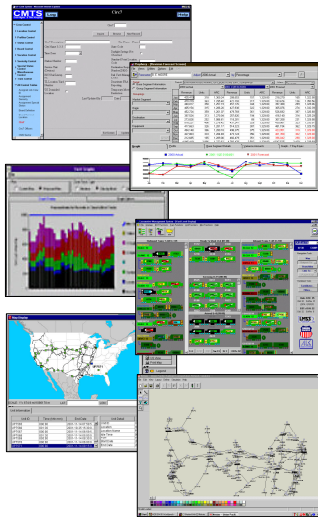

16

BUILDING AMERICA™

## Network Management

### Strategic

- Supply/Demand Forecasting
- Transportation & Resource Planning
- Information Systems / Technology

### Tactical

- Network Surveillance
- Flow Control
- Locomotive & Crew Management
- Interline & Industry Management

### Real Time

- Train Dispatching
- Tracking and Event Reporting
- Locomotive On-Board Systems

17

BUILDING AMERICA™

## Unprecedented Demand
